

Creativity Tool #14- Office Surprise

- Pick a problem, challenge, or opportunity
- Have everyone go to their office and each gather a miscellaneous collection of office supplies (paper clips, rubber bands, etc.)
- Break into small groups
- Distribute the supplies at random to each group evenly
- Have each group make a sculpture out of them
- Once everyone is done, say “what do these remind us of?”
- Write the possible solutions as they come up on the chart
