

## Creativity Tool #6- Coin Toss

This is a visual tool to help you think of new ideas

- Think of an idea opportunity or challenge
- Have everyone dig in their pockets, bags, and purses and pull-out coins- need 100 coins (pennies, nickels, dimes, etc.)
- Break into smaller groups- each group gets 20-40 coins
- Go over each coin and list images, numbers, and anything else you may see
- At some point, that list of images will give you an idea!
